Subject: chronology

Hi. I'm not sure if either of you have this Chronology Kelly did, but it pretty much contains everything up to the point where the letter was sent to Walt Harner of PADEP in February, 2017. It's very informative. The only things that have happened since then have been several more shipments of waste to those facilities that have a PADEP permit to do so, my drafting of the NON, and today's meeting. Talk soon
